

Before Jan. 28, 2022...

Luke Wenke does not know a single thing about criminal court or how jail and prison works,

2024...

Luke Wenke knows all kinds of legal nooks and crannies such as the possibility of a person getting arrested, being placed in any county jail, and immediately being put in a private room like the one I am currently in as of July 13th, 2024 even though you could be falsely accused of a crime and falsely accused of breaking a jail rule.

I am not talking about my case, I am talking about any case, I am aware a person can legally get arrested and sit in jail for up to 10 years unsentenced with no court progress.

This very basic legal fact crossed my mind July, 2024. Imagine living for 10 years like this.

A Shea's Theatre show about the mindless philosophical ramblings an inmate would speak out loud to themselves while living in a room like this day after day.

• Making food all at commissary in the sink while singing "Ten Fucking Years In A Stupid Fucking Room" to the similar tune both [redacted] and **Katie** [redacted] absolutely remembers singing "Thloppy Twat, Thloppy Thloppy Twat Yeah" is not a sign of a mental illness. It is a sign that my mind thinks of better things to do with everyone I know during better times.

• [redacted] will testify for the 2015 dinner theatre/cancer benefit I did at Good Times of Olean which made **Katie** jealous as I gave all of the money to [redacted] who [redacted] still lives with. **Carl Paladino** donated to [redacted], too.

• The suggestion is so simple. I shouldn't have to draw cartoons to spoofed the idea to court professionals who typically deal with scumbags like the **Tops Supermarket Shooter**. I am simply suggesting a positive project. Dedicate the show's proceeds to a clearly needed Buffalo Federal halfway house's dam payment/renovations and put it into **Katie's** name in the Sinatra courtroom.

Wow! I agree!
The hell with 2.5 year

Luke did a dinner theater

2015 and gave all the money to
[redacted] that made Katie
very jealous.

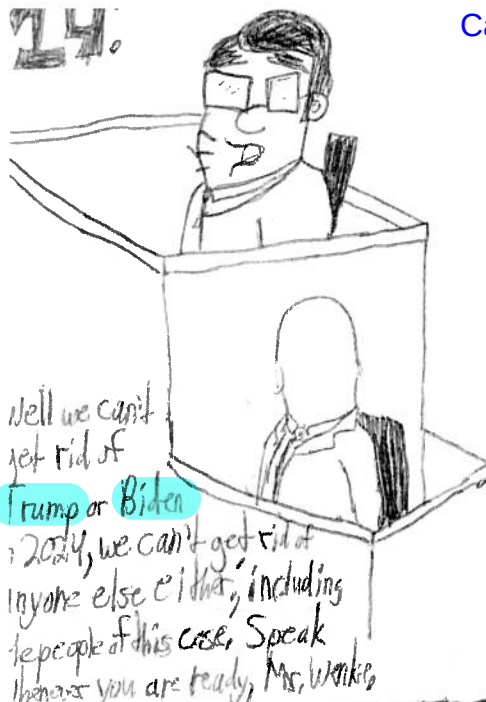

I learned at the **Allenwood** re-entry class that there is a shortage of federal halfway houses. There is plenty of "digital footprint" evidence of the local **Shaw's** I have directed in the past. You people reading this absolutely have the bravado to break **Shea's Theatre** stage so we can do a show about how you could legally do up to 10 years in the **Orleans County Jail** private room I'm in as I draw this picture unsentenced being falsely accused of a crime and falsely accused of breaking the jail rules. Please ask **Katie** to sing the song "Thelopy Twist" she and I used to sing together pre-Covid. That rhythm is basically what we will use when we sing "Ten Fucking Years In A Stupid Fucking Room" on the **Shea's Theatre** stage about my experience in the room I'm currently in but if it were for ten fucking years. All ticket money for the show goes to **Katie** so she can have a down payment for a **Buffalo** area federal halfway house and **praising** you. This court makes the legal arrangements **legal** possible.

People Key:

- 1) Luke Wenke's father Kevin [redacted] who has an MBA from University of Tennessee and named Luke after Luke Skywalker.
- 2) The permanently former **Cattaraugus County** **Libertarian** Chairman Luke Wenke who still has **Katie's** piano who would also prefer to apply 2.5 years of newly gained knowledge according to [redacted]
- 3) Judge John L. Sinatra who is so done dealing with people's Covid era bullshit.
- 4) **Katie** [redacted] who has a key to Luke Wenke's house as we speak and likely has seen his **Allenwood** drawings of himself on his office desk and is **forging** Luke Wenke's drawing style drawing pictures of Luke Street entertaining in Vegas Feb. 2021 since she has that picture as if likely makes her all hot and heavy.
- 5) Luke Wenke's maternal first cousin twice removed [redacted] who absolutely had an internet fling with **Katie** in 2015. [redacted] used to drive **Carl Paladino's** nephew around for exclusive pay. [redacted] has been in **Pennsylvania** looking for **Destination America** model [redacted].

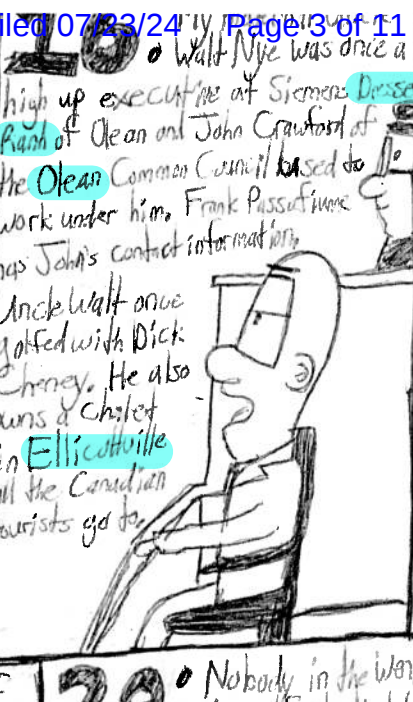

Well we can't get rid of Trump or Biden in 2024, we can't get rid of anyone else either, including people of this case, Speak whenever you are ready, Mr. Wenke

15. Up here said, what a world we live in these days, We're using the word "snitch" and the hierarchy was upended during Covid just like Alexander Anzalone said in 2022. I never met [redacted] before this, I divorced my first of four wives very early on so all I ever really dealt with on Luke's mother's side was his grandmother Carolyn Giardini, a former Italian American Judge who helped her daughter beat me school in family court. I moved to Florida to avoid arrest in New York state.

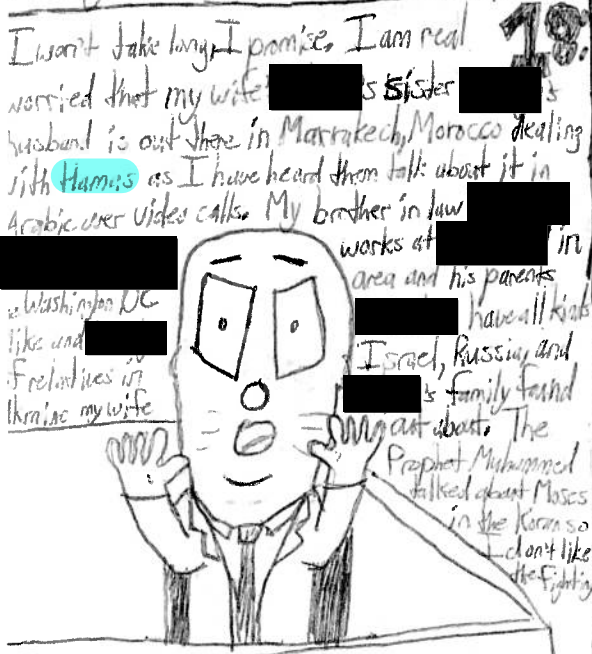

16. Walt Nye was once a high up executive at Siemens. Dessler, Brian of Olean and John Crawford of the Olean Common Council based to work under him. Frank Passafiume has John's contact information. Uncle Walt once golfed with Dick Cheney. He also owns a Chislet in Ellicottville all the Canadian tourists go to.

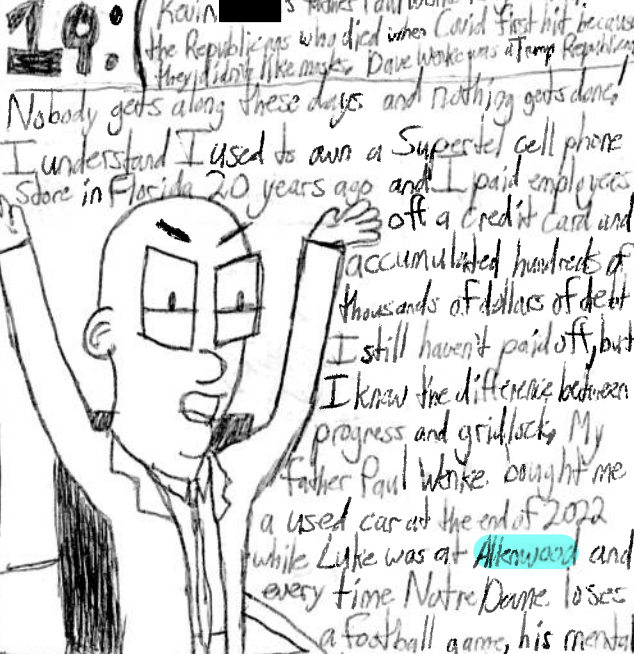

17. I'm telling the tank in court today. Qigang and Reiki experts agree that things like lymph node cancer and Crohn's Disease indicate your tank chakra is off. Exercise can't I've been eating a certain kind of mushroom that looks like gold. I've had lymph node cancer not know how Brett Disease is [redacted] but once [redacted] doing these things [redacted]

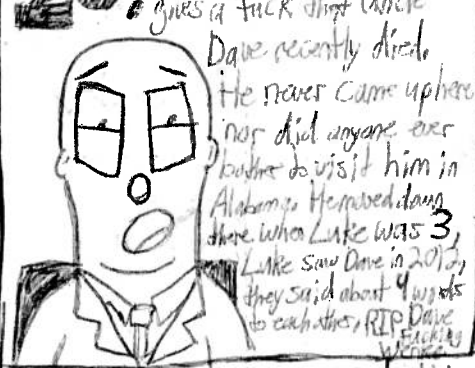

18. I won't take long, I promise, I am real worried that my wife [redacted]'s sister [redacted]'s husband is out there in Marrakech, Morocco dealing with Hamas as I have heard them talk about it in Arabic over video calls. My brother in law [redacted] works at [redacted] in [redacted] area and his parents [redacted] like and [redacted] have all kids in Israel, Russia, and [redacted]'s family found [redacted] out about. The Prophet Muhammad talked about Moses in the Koran so don't like the fighting.

19. (Kevin [redacted]'s father Paul Wenke laughed at all of the Republicans who died when Covid first hit because they didn't like masks. Dave Wenke was a Temp Republican Nobody gets along these days and nothing gets done. I understand I used to own a SuperTel cell phone store in Florida 20 years ago and I paid employees off a credit card and accumulated hundreds of thousands of dollars of debt I still haven't paid off, but I know the difference between progress and gridlocks. My father Paul Wenke bought me a used car at the end of 2022 while Luke was at Alkward and every time Notre Dame loses a football game, his mental health absolutely goes in a

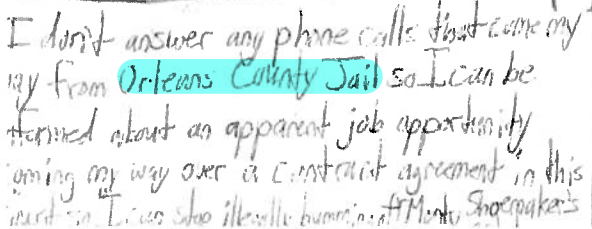

20. Nobody in the Wenke Family gives a fuck that Uncle Dave recently died. He never came up here nor did anyone ever bother to visit him in Alabama. He moved down there when Luke was 3. Luke saw Dave in 2012, they said about 4 words to each other. RIP Dave Wenke.

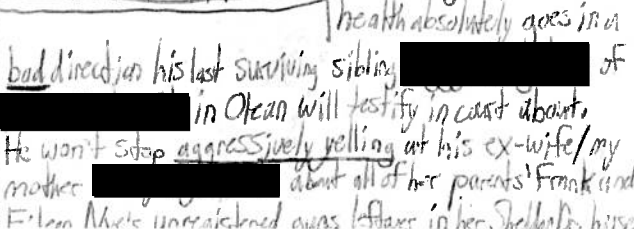

22. We gotta end this case.

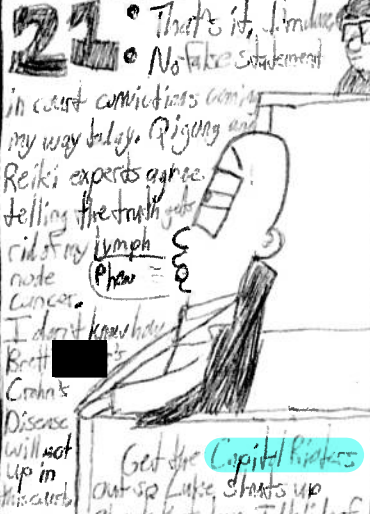

I don't answer any phone calls that come my way from Orleans County Jail so I can be informed about an apparent job opportunity coming my way over a contract agreement in this court so I can also illegally bump out Monty Shopkeeper's

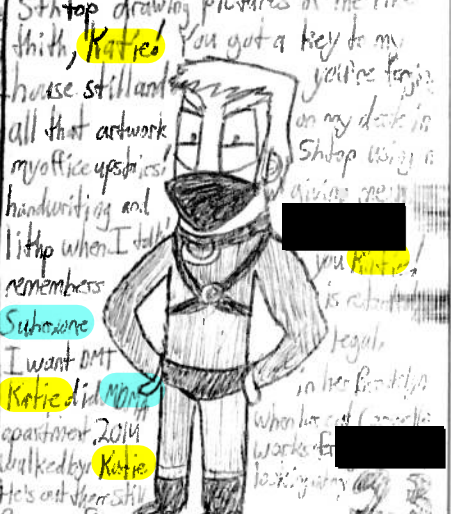

bad direction his last surviving sibling [redacted] of [redacted] in Olean will testify in court about. He won't stop aggressively yelling at his ex-wife/my mother [redacted] about all of her parents' Frank and Eileen Moe's unrepentant war letters in her. Sheldan's his

21. That's it, Jimmie [redacted] No take statement in court convictions coming my way today. Qigang and Reiki experts agree. Telling the truth got rid of my lymph node cancer. (Phew) I don't know how Brett [redacted] Crohn's Disease will not up in this court.

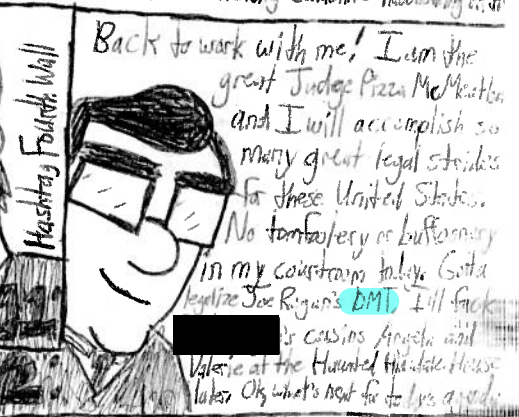

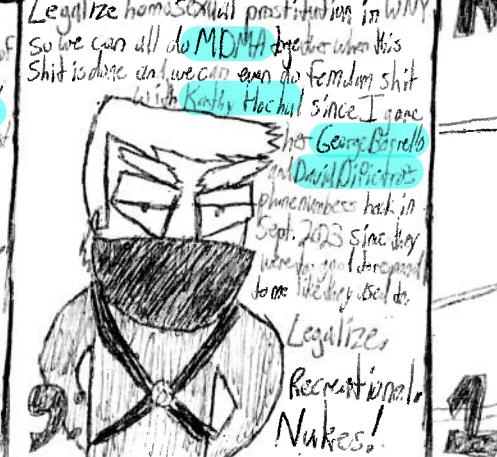

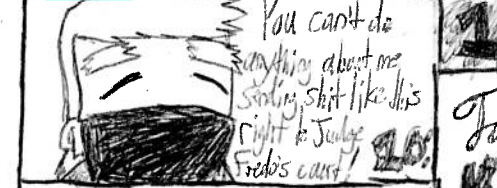

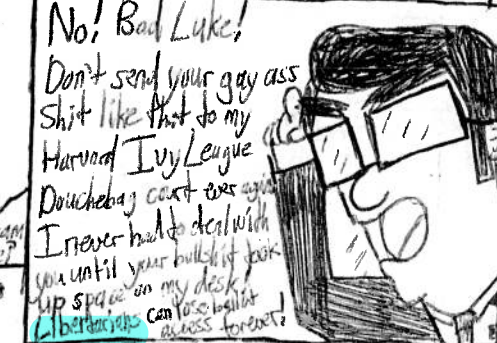

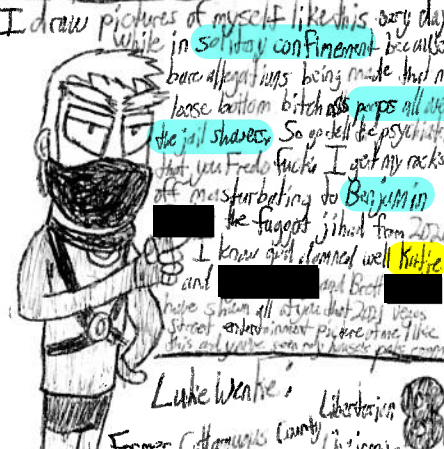

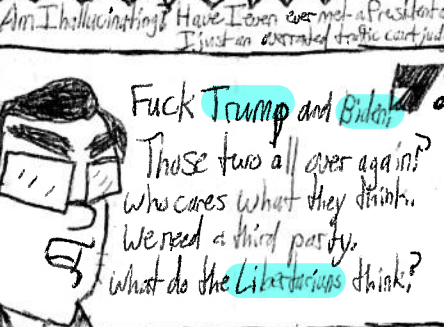

23. Stop drawing pictures of me like this, Katie. You got a key to my house still and you're foraging on my desk in Shtop using a [redacted] in her bedroom when he got [redacted] works for [redacted] looking my [redacted]

Me and Angel in 2016 just like Luke did. Luke had a Facebook page called New Yorkers For Bernie Sanders. He went to go see Bernie at the Rochester Ice Rink on I believe April 19th, 2016. But then that socialist millionaire lost so Angel and I supported Donald Trump right away. Luke voted for Hillary so me and Angel talked shit to Luke right on fucking Facebook over the matter. Luke didn't know Carl or David or George Borrello or any of those people yet so who cares. My cousin Carolyn Giardini wrote in "NOT A" for President in 2016.

Reasonable suspicion to believe John Sinatra's court never exceeded a Warlike and a Krugger to have La Costa, N.J. in the court case.

All the white motherfuckers at die Ucan area remember me playing Pokemon Go when that came out in 2016. We all went behind St. Bonaventure University to play that since we were all just a bunch of unemployed fucks. [redacted]'s mom [redacted] came with us too. I remember Luke's old Domino's coworker Ron Travis playing with us too. I used to call Hoppip "whirly bird".

[redacted]'s grandfather/Luke's great great grandfather Ercildo Martindelli played organ for a Pope.

What else do you want me cartoon of myself? Subpoena courtroom this John Sinatra was. Me and [redacted] had one off our front porch as of Carl can't deny knowing me. About my Facebook messages to show at Orleans like Bob Giardini Allegory already exist as her mother people I mentioned in the iPhone to hear

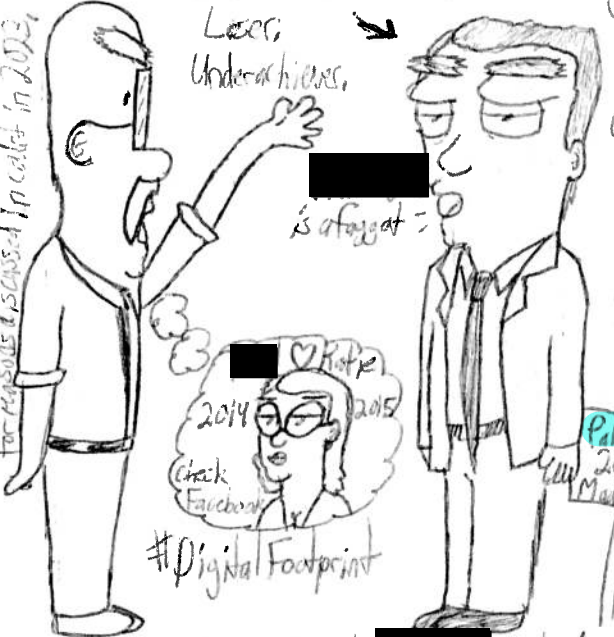

to say over this stupid looking me right into that Fredo Damp Pizza Peppercini Meatball Mafio big Trump 2024 flag flying Sept. 2023 and Luke saw it. Luke's mother Janet has talked her right on that recorded jail court. If I die over dead of [redacted] did then call [redacted] into Tira or any of the other here. Download Ghost Tube me in that courtroom. #Dandy House

Smokes way too many cigarettes there is good for him. Prayers for [redacted]. Needs to finally marry [redacted] at St. John's.

7. Who the fuck drew this stupid fucking picture of Carl calling me a fucking faggot? I used to drive taxi for this asshole's nephew.

How about John Motherfucking Sinatra Sprints in Carl for U.S. Ambassador to Brazil when Trump comes back for reasons discussed in court in 2023.

Never became a billionaire, Leer, Underachiever.

I won in Appeals Court in 2014 and went to the Law Library. They're high school district.

Did I used to draw pictures of Katie [redacted] naked and send them to her on Facebook back when I was talking to her? Did Katie break into Luke's house and get those copies of Luke's drawings of himself on his desk? Is Katie gonna [redacted] to him to fix that fucking act and put it into that fake fucking digital footprint belt?

2: Yep La Costa Not on and whatever other Fredo Dago fucking bullshit you want me to talk about in this courtroom once you issue a subpoena to me and [redacted] at [redacted] in Portville. I wrote a book on the Haunted Hinsdale House out on the McMahon Rd. "You Know They're Here" or whatever I called that stupid fucking pile of paper. I was also on TV because of that stupid fucking house so ask me about that too John Sinatra you fucking wops Luke brought both Larry Sharpe and also Vermin Supreme to that house before Covid

thanks to my help. All the ghosts are telling me Luke met that faggot piece of shit Benjamin Fucking Faggot Fuck [redacted] through Vermin. Yep my name is [redacted] and I have been face to face with Vermin Supreme at the Haunted Hinsdale House right after his Olean Napoli's concert with Sniffy McGeehan's Dredneks band. I did not support that stupid fucking nigger spate Larry Sharpe like Luke did in 2018, and Vermin was a fucking joke. I absolutely was a part of Luke's old Facebook group "Let's Bitch About Cream" before it got shut down in 2020.

3: I used to own a \$1 million+ security company in Arizona before I sold it and wasted all the money on a bunch of fucking bullshit. I used to drive taxi for Carl Paladino's nephew. Luke met Carl at a 2015 Lincoln Park of Olean Tea Party event thanks to me. Carl called me, [redacted] a faggot for shaving my legs right in front of Luke. Carl was Luke's first vote in 2010. Carl and Luke met again in Carl's office at Elliecott Development in 2019 with Carl's dog Duke present in the office. Carl had Luke in his bowling league email invite at the end of 2020 but Luke was too busy driving Uber in Buffalo crying over that faggot fuck Benjamin [redacted] to come do anything with the rest of us. Carl's friend Ric Thompson used to take Luke's Facebook posts. Assemblyman David DiPietro has been in The Financial Guys with Carl and he went to that cream cheese and bagel place with Luke at his East Aurora house in 2011. David's wife [redacted] DiPietro used to like Luke's Facebook

4: Boppity boppity boppity fucking keep with all of us Fredo fucks in John Lasagna Sinatra's courtroom as we testify on behalf of this 2.5 year old email fight with a retarded piece of shit Luke never even fucking met. What's this I hear Katie [redacted] works from home for him? I remember Katie going way back to 2014 and 2015. Katie even changed her Facebook name to Katie [redacted] for me for a while. Boy oh fucking boy did Katie get jealous when Luke did a dinner theatre/concert breakfast for my then and current full time boss [redacted] at Good Time of Olean. Lucky Stuck and Lipsstuck raised their hand for lunch. Mr. Gilley Fucks Fuck Cakes [redacted]

But hey! While changing things up and dialing it up a notch and drawing pictures of ourselves right to the fucking court openly asking questions over recorded phone lines and in writing such as "What kind of drugs do Vilanko and Accara's relatives deal out there that got **Weeked** shut down"; **Abgharians** lawyer's office let's just say that in no way shape or form is it a form of unrecidivated bipolar disorder that I now plan on illustrating the defense to my case since I finished up the prosecution on the **1st side** this page

guy my **FBI** Discovery proves was behind that fake Recon profile asking if Benjamin **does** in fact have a fetish for boots and rope so he could re-enact it with his wife **Had I** known **Katie** worked professionally from a laptop at home for that guy I absolutely would have been more than happy to have her out to that city **So she could meet her Cashapp-paj** employer at the **annihilated my** prior social life so this would **been a positive** significant others listed the Covid social life learned at Horizons, we **helped** when people like **the catnip picking triggers** **perchance** spate spits an its on **in jail**, face to face social interactions are mental health right

Sit back down mate! **Bo**

I called **FBI** after Facebook shut me down once I came back home from **Minneapolis** because I did it went anyone to think I did anything out there I only went out there because a Facebook friend from the **broth Carolina** **Libertarian** party named **Benjamin** is acting stranded, **New York** state govt unemployment, **both Carolina** did not. I told him we needed **financial** **the city of Olean** as I saw he was **mechanical** and I said **line** know when you're done hanging around **Tanikka's** people so **can** come back to get your. I did not know at the time he is one of the major **arrests** and I just met him as it was

11 **12** **Vacate command and get this at my desk**

I never even **heard of Hamas** as of Sept 2001, I did not join the military because I turned 18 in **2010** and by then I saw the middle east was **were**. **Bush's** wars, **Andrew** and **Krystie** assumed I knew what **Benjamin** was doing out in **Minneapolis** on a daily basis as I minded my own business at home, and when we **assume** you make an ass out of u **and me** **The Olean Police**, 15 months later **Jan 2002**, lied to me when I was asking them to help with my neighbor's **Violence** and they asked me to help with **forber Chypan**, who has since been **evicted** there was **Andrew** and **Krystie** coming around the corner I **open** assuming all kinds of things about my daily life.

Judge John L. Sinatra's courtroom

Today's witness
Luka Wenke

This is why this happened to me...

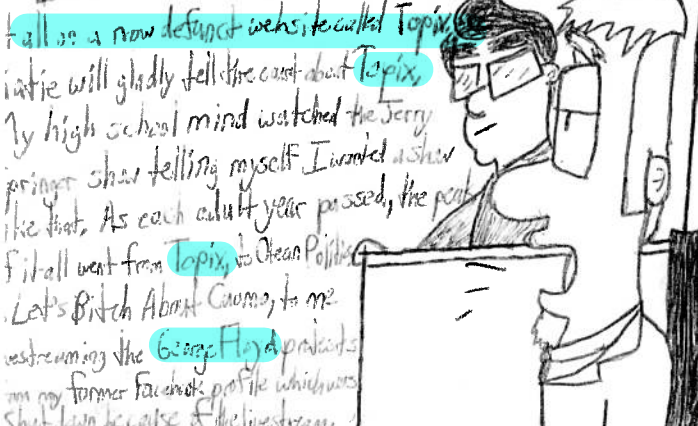

obnoxious groups on Facebook such as Olean War Zone once known as Olean Politics, where people stalked each other all day like a gossip forum people to make fake profiles discreetly. March 2019 work at Domino's so I was home laughing at all the people in a WJVB article as they about Andrew Cuomo every So I made a new group for commentary all 716 "Let's Bitch Well over 10,000 members in a month

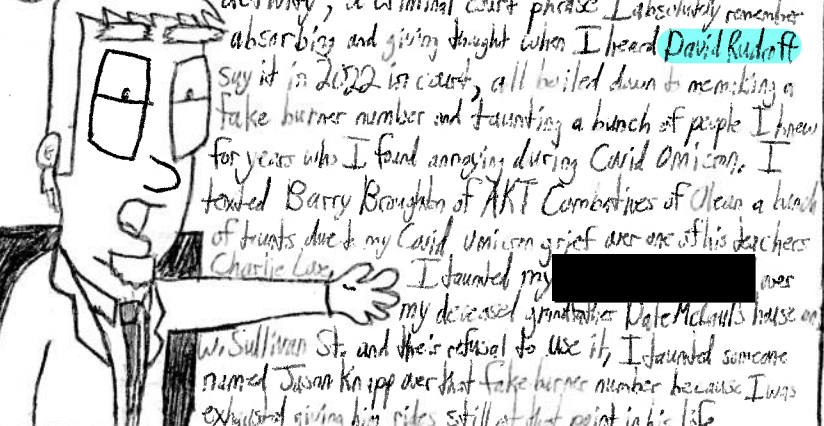

4 Even in the early 2010s, I would read peoples drama with each other on Facebook and I would repeat

all as a now defunct website called Topix. I will gladly tell the court about Topix, my high school mind watched the Jerry Springer show telling myself I would never be like that. As each adult year passed, the post fit all went from Topix, to Olean Politics, Let's Bitch About Cuomo, to me re-streaming the George Floyd protests on my former Facebook profile which was shut down because of the re-stream.

5 So in the early during Covid Omicron when everyone reached a breaking point and therefore making everyone show their true colors, this "pattern of activity," a criminal court phrase I absolutely remember absorbing and giving thought when I heard David Rudloff say it in 2022 in court, all boiled down to me making a fake burner number and taunting a bunch of people I knew for years who I found annoying during Covid Omicron. I taunted Barry Broughton of AKT Combines of Olean a bunch of taunts due to my Covid Omicron grief over one of his teachers Charlie Lee. I taunted my [redacted] over my deceased grandmother Dale McCall's house on W. Sullivan St. and their refusal to use it, I taunted someone named Susan Knapp over that fake burner number because I was exhausted giving him rides still at that point in his life.

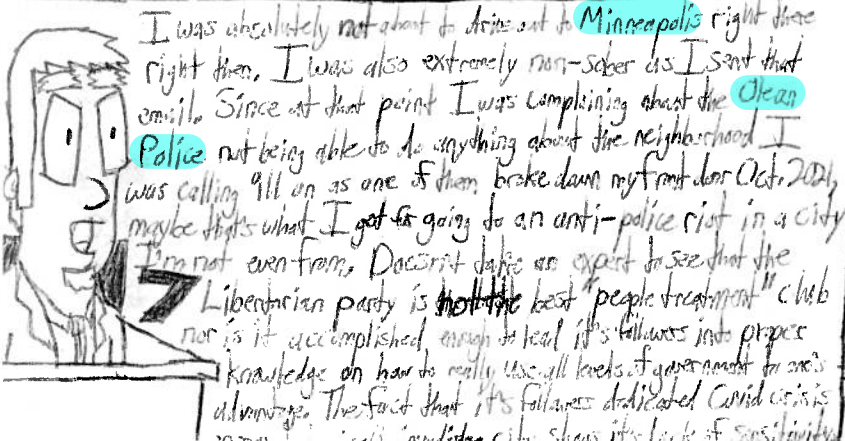

6

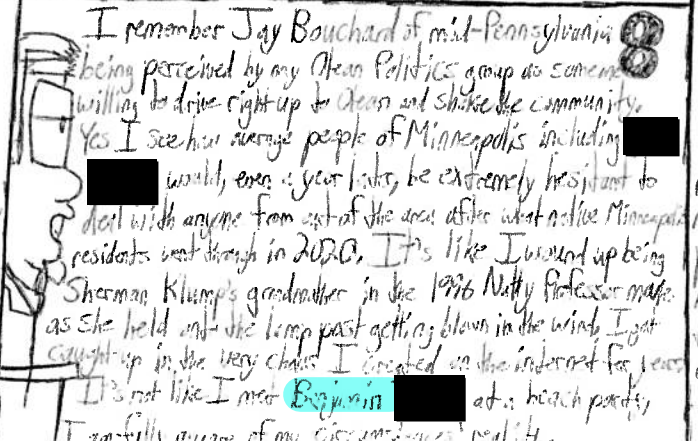

It just happened to be someone I never even met face to face named [redacted] who was clearly destined to be the one to crack down on the digital defamation of character violations I treated as my personal Jerry Springer entertainment for so long, as I absolutely remember sitting in Olean McDonalds January 2020 making all those Google profiles going up against a private firm, and I remember standing outside in my N. 13th St. neighborhood area at midnight looking at all the households with Covid era fighting the Olean Police. I couldn't do anything about with my itchy white shirt. I taunted [redacted] on iPhone until with [redacted] outside the door [redacted] would not be [redacted]

I was absolutely not about to drive out to Minneapolis right then. I was also extremely non-sober as I sent that email. Since at that point I was complaining about the Olean Police not being able to do anything about the neighborhood I was calling 911 on as one of them, broke down my front door Oct. 2021, maybe that's what I got to going to an anti-police riot in a city I'm not even from. Doesn't take an expert to see that the Libertarian party is not the best "people treatment" club nor is it accomplished enough to lead it's followers into proper knowledge on how to really use all levels of government to one's advantage. The fact that it's followers dedicated Covid crisis [redacted] candidates who show the lack of sensitivity

I remember Jay Bouchard of mid-Pennsylvania being perceived by any Olean Politics group as someone willing to drive right up to Olean and shake the community. Yes I see how average people of Minneapolis including [redacted] would even a year later, be extremely hesitant to deal with anyone from out of the area after what novice Minneapolis residents went through in 2020. It's like I wound up being Sherman Klump's grandfather in the 1996 Natty Professor rape as she held on the lamp post getting blown in the wind. I got caught up in the very chaos I created on the internet for years. It's not like I met Benjamin [redacted] at a beach party. I really mean of my circumstances' reality.

Let the people in prison have Seneca Cigarettes and cigars at the commissary stores.

I think it was Tim Allen who did 2 years for dealing cocaine and it was his judge who said it was funny. I get to draw pictures like his.

Orders of protection typically aren't this legally burdensome.

Put a flush button in all the showers in case bottom bitches like Teaser pop.

The May 2nd psychiatrist asked me if I masturbate to the thought of Benjamin [redacted] in jail. I don't know what he put. Anyways, Rubio wore this out fit at Allenwood so I said me too.

Adam ha Rishon, synchronicity, divine timing, 1 Corinthians 12, and All Father Yahweh. So yeah we're all going to get over this eventually and do more exciting things like raise money at Shea's Theatre for Katie to become a federal halfway house owner.

I came in peace July 2021. I wanted to meet the guy who took my side over Mark [redacted].

Who told Katie [redacted] I'm in this room? Recorded phone line evidence.

I was at Obama's first inauguration with my paternal grandfather and uncle, and I got Larry Sharpe on Kennedy Nation, Dave Rubin, and Joe Rogan back in 2018.

My middle name has one L, not two. Therefore reasonable suspicion to believe you convicted my stunt double.

Did Katie spend these last 2.5 years preparing a falsified digital footprint of me since she had my FBI Discovery before my relatives did?

If NY state went Texas and New Hampshire on open carry laws then the Tops Supermarket Shooter wouldn't have been a thing. Libertarian Republicans typically agree.

We need to make public safety satellites to orbit the Earth, public safety cameras for every last telephone pole, and video call technology for every last courtroom for interstate subpoenas at Siemens Dresser Rand of Olean to simplify infractions like this. Then we can repeal interstate threats and cyberstalking entirely. I see much more exciting court agreements on the horizon than what we are currently dealing with.

Everybody go stand outside the probation office with [redacted] look up at the sky, and say cheese at your infrared, xray, panoramic lens public safety satellite.

However, all white people mumble the word "nigger" under their breath at some point.

Fashionable outfit at Allenwood prison.

- Gray sweatpants
- Gray sweatshirt
- Gray scarf
- Gray hat

Let inmates have the right to drink hoach. It's all natural, bread, orange juice, sugar, etc.

Suboxone is retarded. Unnatural poison.

That being said, fuck the Tops Supermarket Shooter.

[redacted] took my side over Mark [redacted] in 2021. Appreciated, but why?

I was watching Eddie Murphy at 6 years old. The Klump family is black.

The Fed Jet should escort [redacted] back home to Baltimore, MD.

Ketanji Brown Jackson makes me happy.

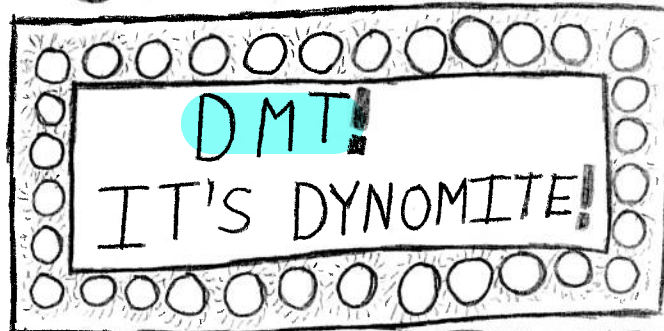

Let's beat Sputnik and Elon Musk Starlink in this very courtroom.
